

CLEANTECH FORUM LAHTI

JUNE 5TH - 6TH 2006 SIBELIUS HALL, LAHTI, FINLAND

PROGRAM

Cleantech Forum Lahti sets the Nordic and Baltic Sea scenery for the financing of companies commercializing clean technologies.

The Forum brings together clean technology companies and investors and provides them with an arena where business deals can both originate and incubate. It describes the market drivers, gives foresight in the future technologies and presents investors' views with a special focus on Northern Europe and North West Russia.

The Forum is a pre-event of 23rd IASP World Conference on Science and Technology Parks and will therefore be attended by representatives from all over the world. The organizers of the Forum are Lahti Science and Business Park Ltd (Coordination office of IASP Enviroparks), The Finnish National Fund for Research and Development (Sitra) and Cleantech Invest Oy. ■
