

Cleantech Scandinavia

CLEANTECH CAPITAL DAY

NOVEMBER 28TH 2007
LAHTI - HELSINKI, FINLAND

Cleantech Scandinavia is pleased to announce that the Cleantech Capital Day will take place in Lahti, Finland. It is hosted together with the Finnish Cleantech Cluster, Lahti Science and Business Park, and in partnership with Cleantech Venture Network. The day will highlight the 'water' and 'materials' cleantech investment segments, providing a forward-looking insight into technological innovations with high growth potential. Eight selected Nordic cleantech companies will present their business cases, alternating with prominent guest-speakers introducing key concepts, political and economical frameworks, as well as market expansion prospects. Updated information and registration: www.cleantechscandinavia.com
